PURIYING SELF - CHANGING SOCIETY

Wealth has a very direct impact on the attitude and approach to one's life. Human history is filled with examples wherein money has led mankind to act in a manner that does not behove its dignity. Money lending and interest based economic system has made man selfish and material oriented. The greed for money has lead to unlimited exploitation and oppression leading to economic slavery, disparity, hunger and wars. Huge populations and continents have been exploited and ruled to starvation. Nearly 80% and more resources of the world are in the grip of the select elites. Wealth has begun to stagnate and injustices and inequality is breeding all around us.

This human weakness for accumulating wealth has been addressed from day one by the bounteous wisdom of Allah(SWT) through His Messengers (PBUH). Zakat or the Islamic Social Welfare System is an institution that has been the focal point stressed by all Prophets(PBUT) of Allah(SWT) for the reformation of human society. It is one of the most important pillar of Islam and mandatory upon muslims who are Sahib-e-nisab as ordained by Allah in his Holy Qur'an so that his wealth may be purified and Allah secures & increases it for him.

A Muslim is Sahib-e-Nisab if he possess wealth equivalent to 87.48 grams of gold or 612.36 grams of silver (whichever is less as per current market rate) on which a year has passed. The wealth may be gold, silver, cash in hand, cash at bank, bonds, funds, shares, investments, stock of goods etc. single or in combination of each

other. Sahib-e-Nisab should pay annually only 2.5% of his total wealth. This is the minimum, more you pay the greater the reward that Allah shall bestow upon you. The money that we pay as Zakat is not something which Allah needs or receives. He is above any want and desire. He, in His benign Mercy, promises us manifold rewards if we help our brethren. But there is one basic condition for being thus rewarded: when we pay in the name of Allah, we shall neither expect nor demand any worldly gains from the beneficiaries nor to be called as philanthropists. Zakat's fundamental importance lies in the fact that it fosters in us the quality of sacrifice and rids us of selfishness. Islam accepts within its fold only those who are ready to give away in the way of Allah some of our hard-earned wealth willingly and without any temporal or personal gain.

A study of the 8 heads stipulated by the Qur'an for the distribution of the Zakat does indicate that if implemented accordingly it will solve all the economic and social problems faced by mankind today. With reference to Surah Al-Taubah (9:60): "The Alms are meant only for the Poor and the Needy and those who are in charge thereof, those whose hearts are to be reconciled, and to free those in bondage, and to help those burdened with debt, and for expenditure in the Way of Allah and for the wayfarer...". Since the concept of Zakat and its institutional importance is unclear and has diminished among the Muslims over the past many centuries, Jamaat-e-Islami Hind has been constantly striving to inculcate the broad concept and understanding of Zakat as was prevalent in the times of the Prophet Muhammad (PBUH) and the early Caliphs (RA). Jamaat-e-Islami Hind Goa has endeavoured to create Bait-ul-Maal (central treasury) to ensure proper distribution of the Zakat fund as per mentioned in the Qur'anic Ayat above.

A religious and reformist movement, **Jamaat-e-Islami Hind (JIH)** has been striving to introduce an understanding of the Islamic system of life. It presents Islamic teachings and invites fellow citizens to understand the fundamental concepts of Islam such as the unity and oneness of God, Prophethood and its need and the importance of belief in the life after death. Amongst the Muslims it works for their educational and economic upliftment. It educates them to recognize their responsibility of understanding, practising and preaching Islam. At the social level, it is constantly making efforts to provide justice and ensures security of each individual's fundamental rights.

Jamaat-e-Islami Hind began its journey in Goa in the mid 70's. Today, more than being a conventional religious organization, it has been growing as a socio-religious organization working for the spiritual as well as social well being for the people of Goa. Since its formal inception it has been addressing the socio-cultural and civilizational issues of the Goan society. The movement has been passionate and active in diverse fields of religious and sociological services.

Board of Innovative Education (BIE) established by Jamaat-e-Islami Hind, Goa for last few years has been working in diverse fields of education. Islamiyat – Weekend Classes is one of its projects running successfully across Goa, *alhamdulillah*.
